ACCOMMODATION DETAILS

Off Campus Housing:

We strongly recommend housing options provided by the International Program Offices for exchange students. We assist in providing options for furnished apartments and assist with roommate matching at apartments that are next to the Emory campus. These apartments allow for a short term lease, and easy payment options for utilities. The cost for a room for fall 2019 was about \$1200 per person per month.

While numerous options for off-campus living are available in the surrounding Emory community, they often require a year-long lease and access to a car. Within a five-mile radius, there are many housing options with varying amenities. For assistance in finding off-campus housing, visit the Emory Off-Campus Housing Finder. <https://offcampushousing.emory.edu/>

On Campus Housing:

Limited spaces for [on campus housing](#) may be available for undergraduate students.

STUDENT SERVICES

Health Insurance:

Health insurance is mandatory for all exchange visitors.

Emory requires all degree-seeking students to have health insurance. Rates for insurance coverage vary each semester. Students will be automatically enrolled in the Emory University Student Health Insurance Plan. Exchange students may elect to decline this coverage by completing the Waiver Option form, if they can show proof of sufficient alternative coverage with access to covered healthcare in Atlanta.

Recreation Venues:

Emory has two state of the art recreation centers for its students. The Woodruff Physical Education Center is less than 5 minutes from the Goizueta Business School and includes an Olympic-sized pool, a rock-climbing wall, weight training facilities, indoor and outdoor running tracks, indoor and outdoor tennis courts, four basketball courts and numerous racquetball, squash and badminton courts. The Student Activity & Academic Center also offers an outdoor Olympic-sized pool, indoor weight training facilities and numerous outdoor tennis courts. All facilities are free to students with a Student ID.

Student Associations:

Goizueta has over 20 student led associations grouped by academic focus or regional interest.

Orientation:

There is a mandatory orientation for BBA and MBA exchange students hosted by the MBA Program Office, including sessions by the International Students and Scholars Services Office (ISSS).

Advising:

Academic and other advising services are available through the Program Offices.

Our globally recognized faculty is comprised of thought leaders who publish in top journals, have taught at the finest Business Schools around the world and have chosen Goizueta because it is a place where professors and students know each other personally. Our small class size fosters an environment in which a great deal of learning and professional development occurs through peer interaction. In this setting, every voice is heard, every accomplishment matters, and every single student has the ability to have a profound impact on the organization. Furthermore, Goizueta develops leaders through a holistic approach that combines the academic foundation acquired in the business curriculum with a broad range of opportunities for personal maturation and professional growth. As individuals we are committed to the organizations in which we participate, the populations we serve, the communities in which we operate, and to society as a whole.

Our facilities are modern with academic buildings constructed in 1997 and 2005. We have a small sandwich shop in our building and plenty of study space. There is no smoking allowed on campus.
